COURSEWORK

GRADUATE
Web Mobile Hybrid
Cloud Computing

SKILLS

- MERN Stack
- React, Redux
- Node.js, Express
- MongoDB
- Problem Solving
- Teamwork

CERTIFICATES

Responsive Web Decision Free Code
Camp (07/2020)
Linux Professional Cisco International
Certification (09/2020)
Bmj Institute Of Computer Science Web
Mobile Hybrid (2022)

Dear HR,
I invite you to connect and explore how my
expertise can elevate your company's
success. Together, we'll craft remarkable
web solutions that make a lasting impact.
Best regards,

EXPERIENCE

I am a passionate and highly skilled MERN Stack Developer with a strong commitment to delivering top-tier web applications. My journey in the world of development has been marked by a relentless pursuit of excellence, where I harness the power of React, Redux, Redux Toolkit, Node.js, Express, and MongoDB to create exceptional websites.

ECOMMERCE

- Spearheaded the development of a MERN-based "E-commerce" web app, enabling meditation exploration with React while securely storing user progress using Node and MongoDB.

BLOG APPLICATION

- Crafted a dynamic MERN Stack Blog Application with user authentication, Cloudinary integration, and responsive design for an enhanced blogging experience.

CHAT APPLICATION

- Led the development of a chat app, bridging client-side and server-side with React.js and Node.js, ensuring a seamless, responsive user experience.

MY TOOLBOX

- React: Breathing life into user interfaces, ensuring an engaging and seamless experience.
- Redux: Expertly managing and synchronizing state, making state management effortless with Redux and Redux Toolkit.
- Node.js: Crafting robust, scalable backend solutions.
- Express: Building lightning-fast, efficient APIs for seamless data flow.
- MongoDB: Mastering efficient data storage and retrieval for seamless user experiences.

COMPANY INTERNSHIP EXPERIENCE |Desk Work Solutions
Internship Position | May 2022 - Past
- Thrived in a rigorous bootcamp, mastering the MERN Stack and emerging as a skilled developer through intensive training and hands-on projects.
- Showcased a relentless drive for excellence and a rapid ability to absorb and apply new concepts in a dynamic and immersive learning environment.

COMPANY BOOTCAMP EXPERIENCE |Expertizo
Bootcamp Program | Jan 2021 - Past
- Collaborated closely with seasoned professionals, gaining hands-on experience in MERN Stack development and contributing to real-world projects.
- Demonstrated a strong commitment to learning, adapting, and actively contributing to the team's success in a dynamic work environment.
